# Overview

The Governor's budget recommendations have been shaped by three defining elements:

- Downward revisions in expected general fund revenues, caused by the Governor's proposed tax cut and the shortfall in collections from compliance activities;
- 2) The increased cost of adult and juvenile corrections; and
- 3) The need to provide a second year payment to fund the <u>Harper</u> settlement.

In addition, the Governor has proposed an expansion of economic development activities and funding in several areas.

These elements combine to produce a budget situation in which required spending increases outstrip available revenues. To close the budget gap, the Governor has proposed budget reductions in most agencies and programs, totaling about \$400 million.

#### Revenues

The Governor's budget recommendations include a downward revision of \$142.4 million in the general fund revenues available for appropriation for the remainder of this biennium. The downward revision is the net effect of several factors:

- (1) A reduction of \$178.0 million in expected collections from enforcement of tax laws and other compliance activities;
- (2) A reduction of \$118.9 million in income tax revenues because of the Governor's proposal to increase tax exemptions from \$800 to \$2,400 over a five-year period;
- (3) An increase of \$108.9 million from stronger-than-expected economic activity;
- (4) An increase of \$28.3 million from proposed legislation to raise court fees for service-of-process. The bulk of revenues would pay the cost of fringe benefits in the second year for employees of constitutional officers; and

(5) An increase of \$59.0 million from the retained earnings and assumed sale of the loan portfolio of the Virginia Education Loan Authority.

With all these changes, the assumed growth rate for general fund revenues would be 5.0 percent in FY 1995 and 5.5 percent in FY 1996.

Other adjustments reflect the \$17.7 million revenue reduction for the changes to the age deduction approved in Special Session I, as well as a payment of \$23.3 million into the Virginia Public Safety Fund for the future cost of parole reform legislation. The budget assumes that these funds will be used to operate new work centers and contract for private prison beds in the second year rather than being held as a prison operating reserve.

#### **Spending Increases**

The Governor's budget recommendations provide \$194 million in general fund spending increases. Of this total, \$100 million results from the second <u>Harper</u> payment of \$70.0 million and a \$30.0 million hold harmless payment to localities for a proposed 10 percent roll-back of local BPOL taxes. The remainder comes from the continuing need to increase spending for adult and juvenile corrections, the proposed expansion of economic development activities in several areas, and mandated increases in several entitlement programs such as the Criminal and Involuntary Mental Commitment Funds. Some limited additional spending is recommended in a few areas.

Increased Costs of Adult and Juvenile Corrections. Required increases in adult and juvenile corrections are driven by the pressing demand for additional prison space. Nine new prison facilities or units will open in the remainder of this biennium (7 work centers, Lunenburg, Bland Segregation Unit). Keeping Mecklenburg open also requires a second year appropriation, as does double-bunking of 1,875 additional beds, and proposed contracting for 3,800 private prison beds.

At the same time, the backlog of state prisoners continues in local jails, requiring additional per diem payments to localities. Also, new regional and local jail facilities are slated to open in this biennium.

Finally, passage of the Serious Juvenile Offender statute last year and changes in release policy from Juvenile Learning Centers have created the demand for additional space in state and local facilities. Some of these facilities will open in the current biennium.

The most significant spending increases in adult and juvenile corrections are detailed below.

| State Adult Corrections                     |            |
|---|------------|
| Increased Double Bunking                    | \$ 21.3    |
| Mecklenburg Operations (Yr. 2)              | 9.9        |
| New Facilities (Lunenburg, Bland Seg. Unit) | 8.3        |
| Corr. EducPrograms in New Facilities        | 2.6        |
| Medical Services Shortfall                  | 1.5        |
| Open 7 Work Centers                         | 20.7 (NGF) |
| Private Prison Beds (3,800)                 | 1.1 (NGF)  |
| Local and Regional Corrections Facilities   |            |
| Jail Per Diems                              | 17.3       |
| Jail Overcrowding Staff                     | 2.3        |
| Pre-trial Services Staff                    | 0.7        |
| Local and Regional Jail Construction        | 10.8       |
| Local Youth Detention Construction          | 8.7        |
| Local Youth Corrections Operations          | 3.2        |
| State Juvenile Corrections                  |            |
| Expand State Facilities (Bon Air, Hanover)  | 2.8        |
| Alternative Programs                        | 1.4        |
| Security Staffing at State Facilities       | 0.8        |
| -   |            |
|   |            |

**Expansion of Economic Development Activities.** The Governor proposes expansion of economic development programs and funding in several areas. The details are summarized below:

| Economic Opportunity/Deal Closing Fund | \$ 10.0 |
|--|---------|
| Workforce Training                     | 5.0     |
| Increased Travel Advertising           | 3.0     |
| DED-Marketing and Research Activities  | 3.0     |

Other Spending Proposals. Additional spending is recommended to meet the cost of several entitlement programs where funding is required, such as the Criminal and Involuntary Mental Commitment Funds and federally-mandated day care programs. Limited funding expansions are proposed in a few areas.

| Fringe Benefits for Empl. of Const. Officers Federally Mandated Day Care/Increased Job | \$25.6    |
|--|-----------|
| Training   | 7.6       |
| Involuntary Mental Commitment Fund   | 4.5       |
| Criminal Fund  | 3.7       |
| Expand Staffing of Governor's Cabinet  | 3.7       |
| Increased Funding for "At-Risk" Block Grant  | 2.9       |
| Security Staffing at Mental Health Hospitals   | 1.7       |
| Charter School Grants  | 0.5       |
| VCU-Planning for Engineering School  | 0.5       |
| CO: Planning for Pr. William Institute, Phase II                                       | 2.0       |
| NNMT-Cruise and Auto Import Terminal   | 6.5 (NGF) |

#### **Budget Reductions**

To accommodate additional spending recommendations and reduced revenues, the Governor proposes to cut the existing budget by about \$400 million. Roughly \$125 million of the budget cuts reflect revised, lower estimates of caseload, enrollment, or utilization, or enhanced match rates for federal funding, and are primarily technical in nature.

The remainder of budget actions involve cuts in aid to localities or programs, downsizing of central offices, or other reductions. For certain reductions, such as position cuts in mental health facilities, the details on which specific facilities or programs would be affected are not available. Budget language proposes that these details be worked out between now and July 1.

Finally, the budget recommends that funding provided last session for a December 1995, salary increase for state classified employees and faculty be eliminated. The salary increase and related performance bonuses would still be authorized, but would be funded from savings and balances produced by the agencies. Funding for the state share of the teacher salary increase remains intact within the public education budget.

Aid to Localities and Other Affected Services. Some of the proposed reductions affect aid to localities and the services provided either by state agencies or other entities. Major reductions in this area which have been identified thus far are shown on the next page.

| Proposed Reductions in Aid to Local                   | lities       |
|---|--------------|
| Programs for At-Risk Children                         | \$ (16.1)    |
| Funding for Local Treasurers and Comm. of Rev.        | (8.7)        |
| General Relief  | (7.4)        |
| Funding for Comprehensive Services Act                | (7.0)        |
| Funding of Community Services Boards                  | (6.1)        |
| Funding for Salary Increase for Local Employees       | (6.0)        |
| Aid to Localities with Police Depts. (HB 599)         | (5.9)        |
| Aid to Local Libraries                                | (3.1)        |
| Maintenance Supplement for Public Schools             | (3.0)        |
| State Funding for Local Prisoners Awaiting Trial      | (2.7)        |
| Community Action Agencies                             | (2.2)        |
| Health Depts Child Dev. CtrsAdult Prim. Care          | (2.0)        |
| School/Community Health Grants                        | (1.5)        |
| Economic Development Loans & Grants                   | (1.3)        |
| Enrollment Loss Funding                               | (1.1)        |
| Juvenile Facility Block Grant Reimbursements          | (1.0)        |
| Local Social Services Administration                  | (1.0)        |
| Early Childhood Ed. Demonstration Grants              | (0.9)        |
| Elderly Services and Ctrs. for Indep. Living          | (0.9)        |
| Aid for Planning District Commissions                 | <u>(0.9)</u> |
| TOTAL   | \$ (78.8)    |
| Proposed Reductions in Other Serv                     | ices         |
| Medicaid Children Age 13 - 18, and Prevention         | \$ (14.9)    |
| Cooperative Extension Services                        | (7.3)        |
| Va. Housing Partnership Fund                          | (6.0)        |
| MHMR Facilities (Unspecified)                         | (5.7)        |
| Va. Water Project and Indoor Plumbing Prg.            | (3.4)        |
| Prison Sex Offender Treatment, Recreation, Counseling | (2.8)        |
| Public T.V. and Radio Grants                          | (2.0)        |
| Shenandoah Laboratory                                 | (1.7)        |
| Grants for the Arts, Non-State Agencies and           | , ,          |
| Historic Landmarks                                    | (3.2)        |
| Richmond Animal Health Lab                            | (0.4)        |
| Shoreline Erosion Advisory Services                   | _(0.3)       |
| TOTAL   | \$ (47.7)    |

Other Reductions. Finally, there are significant reductions proposed in staffing of the central offices of large agencies, cost increases that are to be absorbed within existing budgets, such as the 1995 salary increase, and other funding cuts. The most significant are detailed below.

| Central Office Staff/Administrative Reductions |              |
|--|--------------|
| Dept. of Mental Health, Mental Retardation,    |              |
| and Substance Abuse Services                   | \$ (3.9)     |
| Dept. of Social Services                       | (3.5)        |
| Dept. of Health                                | (2.1)        |
| Dept. of Youth & Family Services               | (1.0)        |
| Dept. of Environmental Quality                 | (3.5)        |
| Dept. of Corrections                           | (4.0)        |
| Dept. of Taxation                              | (2.5)        |
| Dept. of Education                             | (2.8)        |
| State Council of Higher Education              | (1.4)        |
| Council on Child Day Care & Early Childhood    | (0.7)        |
| Programs                                       | ` ,          |
| Lottery Dept.                                  | (12.1) (NGF) |
| -  |              |
| Higher and Other Education                     |              |
| Faculty Salary Increase (Yr. 2)                | \$ (5.9)     |
| College Restructuring Sanctions (6 colleges)   | (5.6)        |
| Public Service & Research Centers              | (2.8)        |
| State Museums                                  | (2.9)        |
| Agriculture & Forestry Research                | (4.9)        |
| Center for Innovative Technology               | (4.0)        |
| College of Global Studies at Radford           | (2.0)        |
| Tidewater C.C. Campus in Norfolk               | (1.3)        |
| Higher Ed. Guaranteed Assistance Prg.          | (1.3)        |
| Capital Outlay: Maintenance Reserve            | (6.4)        |
| Doctoral & Research Programs at Minority       | (1.2)        |
| Institutions                                   |              |
|  |              |
| Other  | (BO T)       |
| Medicaid Provider Reimbursements               | (28.5)       |
| Classified Salary Increase                     | (16.0)       |
|  |              |

# General Fund Revenues Available for Appropriation

Total general fund revenues available for appropriation are forecast to decrease by \$142.5 million.

# General Fund Revenues Available for Appropriation (\$ in Millions)

| TTo a comparate de de de de                                | As Introduced        | Change From<br>Chapter 966 |
|--|----------------------|----------------------------|
| Unappropriated and Additions to the Balance                | \$ 329.9*            | \$ <b>7</b> 5.7 *          |
| Official Revenue Estimates                                 | 13,914.5             | (184.6)                    |
| Transfers  | 714.9                | (33.6)                     |
| Total General Fund Revenues<br>Available for Appropriation | \$ 14,959.2 <b>*</b> | (\$ 142.5) *               |

- \* An additional \$5.5 million in first year savings is included on the revenue page as a balance resulting from downsizing actions implemented by Executive Order in August.
- Additions to the Balance. Includes \$7.6 million in undesignated fund balances at the end of FY 1994 and \$60.0 million in balances that were designated as the first installment of the Harper settlement in the July Special Session. In addition, \$8.6 million is captured from FY 1994 agency unexpended balances (mainly Comprehensive Services Act funds in excess of the amount needed to cover a first year shortfall).
- General Fund Revenue Growth. Assumes general fund revenue growth of 5.0 percent in FY 1995 and 5.5 percent in FY 1996. This is a total of \$184.6 million less than forecast last year for the biennium. Four changes account for the downward revision:
  - 1) Additional revenues of \$108.5 million from somewhat stronger than expected economic activity;

- 2) A \$178.0 million reduction in the estimate of tax compliance revenues that will be collected;
- 3) Tax policy changes at the federal and state level, the most significant of which is the \$17.7 million cost in this biennium of changing the age deduction in Special Session I; and
- 4) Assumed passage of two proposals:
  - -- An increase in court service-of-process fees that would generate \$28.3 million beginning in FY 1996; and
  - A decrease in individual income taxes resulting from a phased increase in exemptions (personal, dependent, age and blind) from \$800 to \$2,400 over five years. In tax year 1995, the exemptions would increase to \$1,000, thereby reducing general fund revenues by \$118.9 million in FY 1996.

In subsequent biennia, the exemption levels are proposed to increase incrementally to \$2,400, with a cost of \$420.7 million per year by tax year 1999.

• Transfers. Reflects a reduction of \$8.7 million in ABC profits, and includes negative entries of \$60.0 million and \$56.4 million respectively for payments from the general fund to the Federal Retiree Tax Reserve and the Virginia Public Safety Fund, based on actions taken in Special Sessions I and II.

Transfers are increased by \$33.0 million on the assumption that proceeds from prison bonds will flow back into the general fund before the end of the biennium, to offset balances advanced for construction during Special Session II. It is proposed that the \$23.3 million remaining in the Public Safety Fund be used to operate work camps and contract for private prisons rather than being held as a prison operating reserve.

Also assumed in the transfers total is \$59.0 million that is proposed from the sale of the loan portfolio of the Virginia Education Loan Authority (VELA). VELA, which buys student loans from retailers such as Crestar, NationsBank, and others, predicts that the secondary market for student loans will diminish because federal law now allows colleges and universities to provide guaranteed student loans directly to their students. The introduced budget assumes that \$19 million in retained earnings can be transferred to the general fund at the end of this year and that an additional \$40 million would be realized from the sale of the loan portfolio once remaining bonds are defeased. These actions will require passage of emergency legislation.

# **Judicial**

- *Criminal Fund.* Provides \$1.6 million GF in fiscal 1995 and \$2.1 million GF in 1996 to cover a projected shortfall in the criminal fund, which pays for indigent defense, juror per diems, and other court costs.
- Involuntary Mental Commitment Fund. Provides \$2.2 million GF in fiscal 1995 and \$2.3 million GF for 1996 to the General District Courts to cover a projected shortfall in the involuntary mental commitment fund.
- Virginia Criminal Sentencing Commission. Provides ten positions, \$394,015 GF in fiscal 1995, and \$639,631 GF in 1996 to staff a new sentencing commission in the judicial branch, created in the 1994 Special Session II. Six of the positions and funding would be transferred from the Office of the Executive Secretary of the Supreme Court. Four positions and related funds would be transferred from the Department of Criminal Justice Services to the new commission.
- Supreme Court Security Equipment. Adds \$142,200 GF in the second year for security enhancements recommended in a security audit of the Supreme Court Building.

# **Statewide Elected Officials**

- Office of the Attorney General. Makes several changes in the Attorney General's budget, including the addition of 20 FTE positions in fiscal 1996:
  - Increased Hiring Level. Increases staffing by eight positions in fiscal 1996, to be funded through lower spending resulting from staff turnover and operational changes.
  - Medicaid Fraud Investigation. Adds three positions to increase investigations by the Medicaid fraud unit. Federal funds provide 75 percent of the cost.
  - Medicaid Recoveries. Transfers funds and five positions from the Department of Medical Assistance Services (DMAS) to expand legal services related to recoveries of Medicaid overpayments.
  - Money Laundering Investigation. Adds two positions for a financial investigations and money laundering task force. Federal funds provide 75 percent of the cost. The general fund match would be shared by the Attorney General and the Departments of Taxation and Alcoholic Beverage Control.

- Workers' Compensation Claims. Adds two positions to handle legal services in worker's compensation claims, to be supported from the Worker's Compensation Trust Fund. Previously, some of these services were provided by attorneys in private practice.

# **Independent Agencies**

- State Corporation Commission. Provides \$1.5 million NGF in fiscal 1996 due to an anticipated increase in revenues from uninsured motorists' fees. These revenues are distributed by formula to insurance carriers.
- *Virginia Workers' Compensation Commission*. Provides \$177,900 NGF and 5 positions in fiscal 1996 to handle the increased caseload of workers' compensation cases filed with the commission's judicial division.
- State Lottery Department. Reduces the agency's operating budget by \$5.7 million NGF and ten positions in fiscal 1995 and \$6.4 million NGF and an additional 10 positions in fiscal 1996. These reductions are in advertising, promotion, professional services, services to retailers, computer operations, travel, supplies and equipment.
- Virginia Retirement System. Includes increases in the agency's operating budget totaling 6.2 percent (\$739,109) the first year and 6.6 percent (\$775,465) the second year, all from nongeneral funds. These increases include stipends for VRS board members, and provide staff to improve internal audit capacity and procurement and contract administration. Nongeneral fund support is also provided for membership operations, conversion of part-time positions to full-time, and increases in fiduciary liability insurance premiums.

# <u>Administration</u>

- Secretary of Administration: Increased Staffing. Provides \$108,375, a 32
  percent increase, and three additional positions for legislative, public
  relations, and constituent affairs activities.
- Department of Personnel and Training: Eliminate the State Employees' Assistance Services (SEAS) Program. Eliminates funding for the State Employees' Assistance Services (SEAS) program, which provides training for supervisors on how to identify employee problems that might have an effect on performance and employees who might need to be referred for counseling. The reduction is \$181,391 and three FTE employees in the second year.

Department of Employee Relations Counselors. Reduces by 12 percent -\$9,925 the first year and \$104,150 the second year -- the budget for the
Department of Employee Relations Counselors. Proposed reductions
include travel, printing of the annual report, liaison activities with the
General Assembly, and elimination of training for supervisors.

#### Department of General Services:

- Close the Shenandoah Laboratory. Reduces by \$1,655,686 and 29 FTE all state funding for the Shenandoah Laboratory and eliminates several tests currently performed by the Division of Consolidated Laboratories.
- Breath Alcohol Testing. Anticipates passage of legislation allowing a \$25 fee to be charged to people convicted of drunk driving. Revenues generated would be used to replace general fund support of breath alcohol testing. A general fund reduction of \$506,306 and the 9 FTE employees is offset by a corresponding NGF increase.
- State Board of Elections: Reduces by \$9,998 the first year and \$288,705 the second year funding for the State Board of Elections -- a 4 percent reduction. Eliminates the \$125 per diem for members of electoral boards attending training. The Board's request for \$0.8 million and six new positions to implement the federal National Voter Registration Act and the related amendment to the Virginia constitution has not been funded.

#### Compensation Board:

- Jail Overcrowding Staff. Adds \$2.3 million in the second year to provide 59 temporary overcrowding positions for eleven jails and another 73 permanent positions for Norfolk. The Compensation Board did not allocate 78 medical positions approved by the 1994 session, resulting in a savings of \$1.1 million in the first year. These positions will be allocated in the second year.
- Jail Per Diem Payments. Adds \$8.6 million the first year, and \$8.8 million the second year, to fund per diems both for prisoners awaiting trial and for state responsible inmates held in local jails, based on revised projections and increased jail crowding.
- Constitutional Officers' Benefits. Restores reimbursements of \$25.6 million to localities for employee benefits, subject to passage of SB 560 (1994) during the 1995 session. SB 560 proposes increases for in-state and out-of-state service of process fees. A language amendment overrides one provision of SB 560, and requires that

any funds above the \$25.6 million needed for employee benefits be returned to localities.

- New Local Jail Staffing. Reduces the budget for jail staff by \$198,107 the first year and \$1.4 million the second year, to account for changes in opening dates, and elimination of projects previously proposed.
- Block Grant for Local Prisoners. Reduces by 20 percent state funding for prisoners who are awaiting trial and misdemeanants, and establishes a block grant reimbursement program with the remaining funds. The funding reduction equals \$2.7 million. A companion amendment to the Department of Criminal Justice Services provides \$600,000 to fund start up costs of alternative programs for these prisoners.
- Reimbursement for Local Financial Officers. Reduces by \$8.7 million state reimbursements to local Treasurers, Commissioners of the Revenue, and Directors of Finance. The proposed reduction limits reimbursements to the costs of services directly benefiting the state -- primarily collection of the state income tax. Currently, the Compensation Board reimburses localities for approximately 60 percent of the Compensation Board approved costs of financial services.

#### • Department of Information Technology:

- Reduce Community Service Grants for Public Television. Reduces community service grants to public television by \$1.5 million, or 50 percent, in the second year.
- Eliminate Community Service Grants for Public Radio. Eliminates community service grants to public radio for a savings of \$527,477, in the second year.
- Department of Veterans' Affairs: Office Closings. Merges the Williamsburg field office with the Hampton Field office, the Suffolk office with the Norfolk office, and closes unspecified additional field offices, to save \$125,717 the second year. A reduction of 4 FTE employees will also result. It is not clear which field offices will be closed.

# **Commerce and Trade**

• Secretary of Commerce and Trade: Staffing Increase. Provides \$523,703 GF, a 111 percent increase, and six additional positions.

#### • Department of Economic Development:

- Workforce Training. Proposes \$5.0 million GF to meet projected growth in the number of workers trained for specific employment in Virginia companies.
- Tourism. Provides \$3.0 million GF for travel advertising. Of this amount, \$2.0 million is for the cooperative advertising program authorized by the 1994 session. The remaining funds are for general advertising and a \$200,000 regional travel center near Danville.
- Marketing and Research. Proposes \$3.0 million GF for various activities, including \$500,000 for industrial advertising, \$105,000 for on-site calls on Virginia companies, \$799,000 to increase international marketing efforts, \$230,000 for expanded business research, \$975,000 to increase domestic marketing efforts, and \$360,000 to develop an integrated economic development information system. Ten positions are also recommended.

#### • Department of Housing and Community Development:

- Virginia Enterprise Initiative. Proposes \$1.1 million GF in the second year for a micro-enterprise loan program. The pilot program would provide low-income Virginians with access to capital and business training needed to start and operate their own businesses.
- Virginia Economic Development Revolving Fund. Eliminates \$998,911
   GF in loan funds made available to localities for economic development efforts.
- Planning District Commissions. Reduces by 50 percent (\$823,258 GF) the allocations for planning district commissions.
- Virginia Water Project and Water and Wastewater Grants. Reduces by \$1.2 million GF money to provide technical and financial assistance as well as construction services to low-income Virginians and small rural communities whose water and wastewater systems are not in compliance with federal law.

- Indoor Plumbing and Emergency Repairs. Reduces general fund support by \$2.2 million to provide health-related housing safety improvements for low-income Virginians.
- Multi-family and Congregate Housing. Eliminates general fund support of \$6.0 million in financial incentives for housing developers to provide low-income, multi-family housing.
- Business Modernization Fund. Eliminates general fund support of \$473,125, for the modernization program which attempts to focus businesses on more technologically advanced equipment and manufacturing processes, retrain workers, and improve business management and operations.

#### Department of Agriculture and Consumer Services:

- Gypsy Moth Control Program. Eliminates general fund support (\$179,000) for the Gypsy Moth Suppression Program. The money is used to match local and federal dollars to pay for aerial spraying and other control measures, primarily in Northern Virginia.
- Richmond Animal Health Laboratory. Eliminates \$376,709 GF in state support and 12 positions for the Richmond Animal Health Laboratory. The Richmond site would be closed, and lab facilities in Harrisonburg and Lynchburg would be used for virology testing services.
- Department of Labor and Industry: Blue Ridge Safety Network. Eliminates all general fund support (\$32,987) for the Blue Ridge Safety Network. This program links large and small companies to promote workplace safety through shared expertise and resources.
- Department of Mines, Minerals and Energy: Mineral Resources Division.
  Reduces by \$200,000 GF and four positions the Division of Mineral
  Resources in Charlottesville. The geologist positions prepare economic
  and geologic mapping. The reduction is in addition to the planned closing
  of the Division's Abingdon office.

# **Public Education**

• Secretary of Education: Increased Staffing. Provides \$0.2 million GF, a 48 percent increase, and five additional positions in the second year.

- Direct Aid to Public Education: Reduces funding for Direct Aid to Public Education by a net \$52.3 million GF. Changes in enrollment and sales tax revenues account for \$32.3 million of that reduction.
  - At-Risk Programs. Reduces funding for "at-risk" programs by 30 percent.

The budget, as introduced, proposes the elimination of \$16.1 million GF in the second year for eight existing programs for at-risk students. In their place, an "At-Risk Block Grant" program has been created by adding \$2.9 million GF in the second year to the existing "At-Risk" funding provided in Chapter 966 (\$29.1 million GF). Allocations are distributed as an add-on to Basic Aid, based on the concentration of students approved eligible for the federal free lunch program.

| Program                      | Ch. 966<br>Funding | <u>Change</u> | Proposed<br><u>Funding</u> |
|------------------------------|--------------------|---------------|----------------------------|
| Dropout Prevention           | \$10.5             | (\$ 10.5)     | \$ 0                       |
| English as a Second Language | 2.1                | (2.1)         | 0                          |
| Homework Assistance          | 1.3                | (1.3)         | 0                          |
| Project Discovery            | 1.0                | (1.0)         | 0                          |
| Guaranteed Asst. Plan        | 0.8                | (0.8)         | 0                          |
| AVID                         | 0.3                | (0.3)         | 0                          |
| Reading Recovery             | 0.1                | (0.1)         | 0                          |
| At-Risk Basic Aid Add-On     | 29.1               | 2.9           | 32.0                       |
| TOTAL                        | \$ 45.2            | (\$ 13.2)     | \$ 32.0*                   |

<sup>\*</sup> With adjustments for reduced statewide enrollment projections, a total of \$31.8 million GF is recommended for the "At-Risk Block Grant" program in the second year.

- Maintenance Supplement. Eliminates \$3.0 million GF second year funding to school divisions for the Maintenance Supplement. The funding in Chapter 966 was calculated based on \$5 per pupil for use by school divisions in maintaining school buildings.
- School/Community Health Centers. Eliminates \$1.5 million GF second year funding for grants to pilot school/community health centers. The centers provide health screening, outreach programs, health counseling, control and management of communicable diseases, and the management of medically fragile students.

- Enrollment Loss. Eliminates \$1.1 million GF second year funding that was provided for localities losing enrollment based on local ability-to-pay.
- Early Childhood Education Grants. Eliminates \$0.9 million GF in the second year from the Early Childhood Education demonstration grants. The grants were instituted in 1992-93 and have been provided to twelve Virginia elementary schools.
- Other Program Eliminations. Eliminates the Jobs for Virginia Graduates program, Reading to Learn project, and Virginia Writing Project, for a second year GF savings of \$0.3 million.
- Revised Enrollment Projections. The September 30, 1994 child count was lower than projected when the 1994-96 budget was calculated. As a result, enrollment projections have been reduced by 7,520 students in the first year and 9,806 in the second year. This reduction results in a savings of approximately \$15.5 million in the first year and \$20.9 million in the second year. A portion of this savings was allocated to prison construction in Special Session II.
- Sales Tax Increase. Increased sales tax revenues result in a net increase of \$1.0 million in the first year and \$3.2 million in the second year.
- Comprehensive Services Act. Eliminates budget language authorizing balances to be carried forward from one year to the next. Balances were used to meet increasing expenditures for foster care, special education, and youth correctional services. About \$7.0 million of the \$12.6 million balance in FY 1994 is reverted to the general fund. The remaining \$5.6 million balance is expected to cover the projected shortfall in the FY 1995 appropriation of \$62.0 million.

However, no funds remain to cover the projected \$11.0 million shortfall in FY 1996, when estimated spending is \$76.0 million against a \$65.0 million appropriation.

A listing, by locality, of proposed changes in Direct Aid to Public Education is provided in Appendix A.

- Department of Education. Reduces the Department's budget by a net \$1.1 million GF and 30 positions.
  - Regional Programs. Eliminates second year funding of \$0.5 million GF for the Southwest Virginia Public Education Consortium and the Blue Ridge Regional Education and Training Council.
  - Foreign Language Academies. Eliminates \$0.5 GF for the Foreign Language Academies, in which 315 students each summer participate in the programs which feature French, Spanish, German, Latin, Russian and Japanese.
  - Statewide Testing. Provides \$2.1 million in new funding to meet the rising costs of the Literacy Passport Test and to purchase a new norm-referenced statewide test.
  - Charter School Grants. Provides \$0.5 million GF in the second year to provide one-time grants to groups interested in starting a charter school. The funding is based on distributing four grants of \$1,000 each to the 138 local school divisions. No specifics on how the grants will be awarded have been determined. An additional \$0.2 million GF and four positions are being provided from existing Department of Education resources to support this initiative.
  - Central Office Reductions. Reduces second year funding for the Department of Education by \$2.8 million GF and 30 positions.

# **Higher Education**

• All Public Colleges and Universities: Faculty Salary Funding. Deletes salary funding of \$5.9 million provided last year, but authorizes a 2.25 percent increase, along with a 4.5 percent performance bonus to be paid from savings generated by the institutions. The 1994 General Assembly provided sufficient funds in the second year of the biennium for a 2.25 percent faculty salary increase. The faculty salary funding deleted from each institution is shown below:

| Virginia Community College System   | (\$ 1,397,959) |
|-------------------------------------|----------------|
| Virginia Polytechnic Institute & SU | (1,063,580)    |
| Virginia Commonwealth University    | (744,297)      |
| University of Virginia              | (638,276)      |
| George Mason University             | (445,105)      |
| Old Dominion University             | (335,914)      |

| James Madison University              | (250,816)      |
|---------------------------------------|----------------|
| College of William & Mary             | (213,419)      |
| Radford University                    | (206,439)      |
| Norfolk State University              | (134,223)      |
| Virginia State University             | (92,042)       |
| Longwood College                      | (82,919)       |
| Christopher Newport University        | (78,851)       |

| Virginia Institute of Marine Sciences | (59,869)       |
| Virginia Military Institute           | (48,616)       |
| Clinch Valley College                 | (34,439)       |
| Richard Bland College                 | (18,245)       |
| TOTAL                                 | (\$ 5,917,970) |

• Six Public Institutions: Budget Cuts for Restructuring Plans. Reduces general funds by 6 percent and cuts positions for six institutions that failed to submit an approved restructuring plan by December 1. The 1994 Appropriation Act required each public college and university to submit a plan detailing how it planned to restructure to reduce costs and accommodate enrollment growth.

As of December 13, four of the six plans have been revised and approved by the State Council of Higher Education and the Secretary of Education. Virginia State and Christopher Newport are still working to develop acceptable plans. The budget and position reductions for each of the six institutions is shown below.

| <u>Institution</u>             | General Funds  | <b>Positions</b> |
|--------------------------------|----------------|------------------|
| Longwood College               | (\$ 621,061)   | 9                |
| Mary Washington College        | (579,646)      | 2                |
| Christopher Newport University | (679,667)      | 0                |
| Virginia State University      | (846,635)      | 14               |
| Norfolk State University       | (1,244,826)    | 26               |
| Radford University             | (1,617,385)    | 8                |
| TOTAL                          | (\$ 5,589,220) | 59               |

• Elimination of Commonwealth Centers and Public Service Centers. Eliminates all general fund support for the centers identified on the next page. Funding of \$2.8 million GF and 25 positions is cut in the second year. The centers provide a variety of research and public service activities.

| UVA    | Institute of Government Foundation for the Humanities  | (\$350,000)<br>(359,975)  |
|--------|--|---|

|        | TOTAL  | (\$2,754,366)   |

#### • State Council of Higher Education:

- Guaranteed Assistance Program. Cuts the second year budget for this financial aid program by \$1.3 million GF, to the current year appropriation level of \$250,000. The program is intended to guarantee financial aid for needy students graduating from high school with above average grade point averages.
- Eminent Scholars Program. Cuts the second year budget by \$1.6 million GF, reflecting a policy to match 50 percent, instead of 67 percent, of the endowment earnings estimated to be available at the public colleges and universities. Public and private funds in the Eminent Scholars program are used to recruit and retain outstanding faculty.
- Funds for Excellence. Eliminates funding of \$1.0 million GF in the second year for grants to the public colleges and universities for pilot programs to improve undergraduate education.

- Administrative Reductions. Makes second year administrative cuts of \$1.4 million GF and 16.0 positions. Another position is transferred to the Secretary of Education. The proposed cuts represent a GF position reduction of 31 percent.
- Virginia Community College System: Tidewater Community College Campus in Downtown Norfolk. Eliminates second year funding of \$1.3 million GF provided last year to lease a facility being built by the City of Norfolk for use by the community college. A 20-year lease agreement between the city and the VCCS, which calls for the first payment not to exceed \$1.3 million in July of 1996, has been approved by the VCCS board, but remains under review by the Governor.
- Virginia Tech Extension and Research: Reduced Funding. Cuts state funding for cooperative extension by \$7.3 million GF and 197.3 positions in the second year, a reduction of 25 percent. The budget, as introduced, also recommends cuts in Research of \$4.9 million GF and 85.5 positions, a 25 percent reduction.
- Norfolk State University: Doctoral Programs. Eliminates funds for two new doctoral programs in social work and physics at Norfolk State. Funding of \$726,579 (GF), \$110,845 (NGF), and 4 positions are cut in the second year.
- Radford University: College of Global Studies. Deletes funding for the New College of Global Studies at Radford in the second year. For 1996, \$2.0 million (GF), \$388,329 (NGF) and 28 positions were deleted.
- Virginia State University: Hybrid Striped Bass Research. Proposes elimination of \$435,674 of general fund support for research in the production of hybrid striped bass.
- Virginia Commonwealth University: New Engineering School. Provides \$0.5 million GF and 5.0 positions to plan a new undergraduate school of engineering. The State Council of Higher Education has approved the new school based on an agreement with VCU to use private funds to construct, maintain and operate a \$10.0 million facility.
- Secretary of Education: Tuition Contract. Provides for the development of a plan by the Secretary "for the implementation of a four-year tuition contract between students and the public senior institutions." The plan would be developed in conjunction with the State Council of Higher Education, the Department of Planning and Budget, and such representatives of the public institutions as the secretary selects. The plan would go into effect for the 1996-97 academic year, and would include sanctions for institutions that do not carry out the plan.

- All Public Institutions of Higher Education: Sanctions. Provides in the General Provisions that institutions failing to hold tuition and academic fee increases to prescribed levels will be required to rebate the overcharge to students, or lose an equivalent amount of general fund appropriations each year of the 1996-98 biennium. Authorized increases are the same as for this year: 3 percent for resident undergraduates and graduates and 5 to 7.5 percent for nonresidents. Language is included that clarifies that the increases apply to both tuition and mandatory academic fees.
- Secretary of Education: Privatize Hospitals. Provides for a study by the Secretary of the feasibility of privatizing the teaching hospitals at the University of Virginia and Virginia Commonwealth University. The study is to be conducted in cooperation with the Department of Planning and Budget and the two universities.
- All Public Institutions of Higher Education: Faculty Salary Policy. Requires, in Central Accounts language, that institutions use faculty salary appropriations for their faculty salary plans, and that they grant salary increases solely on the basis of merit. This language over-rides the Code of Virginia, which authorizes the Boards of Visitors of the institutions to allocate resources as determined appropriate.

# Other Education

- Library of Virginia: Level Fund Local Library Aid. Cuts \$3.1 million (GF) in the second year in aid to local libraries. The program provides grants to local and regional libraries.
- Virginia Museum of Fine Arts. Cuts general funds by \$148,439 by reducing security personnel, and by updating energy and telephone systems. Also reduces by 50 percent state support for the development and management of the art collections (\$644,403) and art education programs (\$908,875). The Museum is directed to increase fees from revenues or scale back these activities. Overall reductions represent 27 percent of the budget.
- Science Museum of Virginia. Reduces general funds by \$143,237 by eliminating certain programs, and reducing custodial and maintenance support. Eliminates general fund support of \$433,231 for science education for adults. The cuts represent a reduction of about 25 percent.
- Jamestown-Yorktown Foundation. Reduces general funds for finance and purchasing operations, on-site programs, and facilities maintenance by \$100,322 GF. Eliminates funds for fund-raising (\$97,154 GF); outreach

- programs (\$34,692 GF); and support for collections management (\$91,285 GF). The cuts represent a reduction of about 11 percent.
- Frontier Culture Museum. Reduces general funds by \$78,535 at the Frontier Culture Museum by cutting site maintenance and operations, eliminating one position, and reducing general fund support for research and collections. A cut of \$80,777 is also recommended, to reduce general fund support for marketing and promotions. The cuts represent a reduction of about 14 percent.
- Gunston Hall. Reduces general funds by \$60,148 at Gunston Hall by cutting site maintenance and operations. Eliminates general fund support for marketing and promotion (\$45,139 GF); reduces support for the modern reference library (\$28,865 GF); and eliminates general fund support for non-historic buildings (\$28,104 GF). The cuts represent a reduction of about 33 percent.
- Virginia Commission for the Arts: Grants for the Arts. Reduces funding for local grants for the arts by 50 percent. For 1996, general funds will be reduced by \$918,425. The budget also includes proposed language that requires performing arts to be given highest priority in the awarding of grants.
- Medical College of Hampton Roads. Cuts funding for MCHR by \$703,837
   GF. The cut represents a reduction of about 6 percent.
- Innovative Technology Authority. Reduces funding for the Center for Innovative Technology by \$4.0 million, or about half of the agency's \$8.2 million general fund budget. The Governor's budget, as introduced, recommends that the agency use \$4.0 million in balances to fund its operations in the second year of the biennium.
- Southwest Virginia Higher Education Center. Cuts funding for the Center by \$21,860 GF, by reducing education program development activities. This cut represents a reduction of about 6 percent.

# **Finance**

- Secretary of Finance: Increased Staffing. Provides \$37,867 GF, an 11 percent increase, and one additional position for legislative, public relations, and constituent affairs.
- Planning and Budget: Virginia Geographic Information Network (VGIN).
  Reduces funding by \$300,000 GF in the second year for the Virginia Geographic Information Network, due to slowed systems development.

#### • Department of Accounts:

- State Funding for BPOL Phase Out. Provides \$30.0 million GF in the second year to offset local revenue loss from the proposed phase out of the local Business, Professional, and Occupation License tax (BPOL). The phase out would begin in FY 1996 with a 10 percent cut in local BPOL levies. Legislation will dictate how the state subsidy will be distributed to the affected localities.
- ABC Profits Distribution. Reduces ABC Profit distributions by \$3.3 million GF the first year and \$2.1 million GF the second year, to reflect the decline in ABC profits.
- Rolling Stock Tax Distribution. Reduces the distribution of rolling stock taxes to localities by \$0.5 million GF the first year and \$0.5 million GF the second year, to reflect a decline in collections.
- Wine Tax Distribution. Adds \$100,000 GF each year to the distribution of the local share of increased wine tax revenues.

#### • Department of Taxation:

Tax Mapping Services. Eliminates the Department's tax mapping services for localities, with reductions of \$440,175 GF and 10 positions. Mapping services are supported off-the-top by local sales tax collections, so no general fund savings will result. The initial localities affected are listed below.

| <u>Locality</u> | <u>Status</u>          |  |  |
|-----------------|------------------------|--|--|
| Giles           | New map in progress    |  |  |
| Halifax         | New map in progress    |  |  |
| Sussex          | Update to existing map |  |  |
| Manassas Park   | Update work not begun  |  |  |
| Louisa County   | Update work not begun  |  |  |
| Clifton Forge   | New map not begun      |  |  |
| Russell         | New map not begun      |  |  |
| Buchanan        | New map not begun      |  |  |
| Bland           | New map not begun      |  |  |
| Dickenson       | New map not begun      |  |  |
| Patrick         | New map not begun      |  |  |
|                 |                        |  |  |

- Six Percent Reduction Plan. Reduces the department's budget by \$2.5 million GF and 55 positions, including mid-level management,

taxpayer services, administrative, and compliance positions. Other savings will be generated from reducing wage budgets and equipment and software purchases.

#### • Treasury Board:

Local and Regional Jail Construction Costs. Adds \$0.9 million (GF) the first year and \$8.2 million GF the second year to reimburse localities for a portion of the costs of constructing nine jails. Reimbursement is included for:

| Regional Jail             | New Beds    | <u>YR 1</u> | <u>YR 2</u> |
|---------------------------|-------------|-------------|-------------|
| Chesapeake Phase I and II | 420         | \$858,995   | \$856,803   |
| Fairfax                   | <b>7</b> 95 | 0           | 133,195     |
| Hampton Roads Regional    | 875         | 0           | 2,515,291   |
| Henrico/New Kent/Goochlan | nd 550      | 0           | 2,987,113   |
| Middle Peninsula          | 88          | 0           | 210,594     |
| Norfolk                   | 283         | 0           | 572,106     |
| Pamunkey                  | 259         | 0           | 354,154     |
| Roanoke City              | 160         | 0           | 195,743     |
| Virginia Peninsula        | _233        | 0           | 362,021     |
| Total                     | 3,663       | \$858,995   | \$8,187,020 |

Another \$1.4 million GF the first year and \$0.4 million GF the second year for local jail projects is included in the budget for the Department of Corrections.

- Debt Service Payments. Proposes a reduction of \$267,936 GF the first year and an increase of \$504,131 GF the second year for debt service payments on VPBA and GO bonds. Actual first year payments are lower than originally expected as a result of changes in issuance dates and amounts and differences in the actual interest rates. The second year increase reflects higher anticipated interest rates. Current plans call for no further issuance of prison bonds until late in FY 1996, with no debt service payment necessary in this biennium.

# Health and Human Resources

- Secretary of Health and Human Resources: Staff Increase. Provides \$317,000 GF, a 60 percent increase, and six additional positions.
- Department for the Aging: Reduce Community Services for the Elderly. Reduces by \$347,000 GF community services for the elderly provided by local area Agencies on Aging. This recommendation would eliminate 32,000 home-delivered meals, 24,000 hours of in-home care, 5,200 transportation trips, and 2,500 respite care hours.
- Department for the Deaf and Hard of Hearing: Reduce Telecommunications Equipment Program. Reduces by \$67,000 funding for telecommunications devices for the deaf, hard-of-hearing, and speechimpaired citizens.

#### • Department of Health:

Local Department Reductions. Reduces funding for adult primary care (medical and pharmaceutical services) by \$800,000 GF and \$533,000 NGF. Ten of the 35 health districts would be affected and approximately 4,500 clients would no longer be served. (These health districts are Alexandria, Alleghany (surrounding Roanoke), Central Virginia (Lynchburg area), Roanoke, Chesterfield, Crater (Petersburg), Hampton, Newport News, Norfolk, and Virginia Beach.)

Transfers responsibility to local offices for some functions previously performed by central office staff, including personnel, administration, supervision of remaining child development centers and STD/AIDS program representatives, data entry for accounting vouchers, and some technical assistance to nursing staff.

The budget adopted by the 1994 General Assembly included a second year reduction of \$1.6 million GF for local health districts, a two percent reduction in state funding. No restoration is proposed in the Governor's amendments.

- Child Development Centers. Eliminates state funding for the 12 child development centers (\$1.3 million GF), a reduction of about one-third of the centers' current budget for direct services.
- Central Office Staff. Reduces by 25 percent (\$2.1 million GF and 89 positions) staffing levels in the central office. Some of the eliminated functions would become the responsibility of the local health departments.

#### Department of Medical Assistance Services:

- Service Reductions. Reduces Medicaid services by \$14.9 million GF and \$9.5 million in federal funds.
  - -- Eliminates Medicaid coverage of children between the ages of thirteen and eighteen whose family incomes are at or below 100 percent of the federal poverty level. Approximately 36,000 teenagers would no longer be eligible in FY 1996. This action would save \$9.0 million GF and an equal amount of NGF.
  - -- Eliminates the Kids Care program, a primary and preventive health benefit program for children, for a savings of \$5.4 million GF. Utilization in this program has been low.
  - -- Eliminates the coverage of podiatry services for adults, saving \$500,000 GF and a like amount of federal funding.
- Provider Reimbursement Reductions. Reduces by \$28.5 million GF and \$28.5 million NGF provider reimbursements to hospitals, nursing homes, physicians, home health agencies, pharmacies and pharmaceutical companies.
  - -- Reduces reimbursement to the two teaching hospitals (MCV and UVA) by \$6.4 million GF and an equal amount of NGF, a 6.0 percent cut.
  - -- Assumes savings of \$6.0 million GF and an equal amount of NGF by restricting Medicaid reimbursement to those drugs on an approved list.
  - -- Reduces hospital reimbursement by \$10.0 million GF and an equal amount of NGF by reducing the average length of stay for inpatient and obstetric services, and by increasing the number of non-emergency services subject to lower reimbursement when they are performed in emergency rooms.
  - -- Reduces physician reimbursements by \$3.3 million GF and an equal amount of NGF by lowering fee-for-service payments by 50 percent when normal office visits are conducted in a hospital outpatient setting instead of the doctor's office.

- -- Reduces nursing home reimbursement by \$2.2 million GF and an equal amount of NGF, impacting 156 of 269 nursing homes. Homes would no longer receive incentive payments for maintaining costs below maximum allowable limits.
- -- Reduces the dispensing fee paid to pharmacies, a reduction of \$468,000 GF and an equal amount of NGF.
- -- Eliminates the highest reimbursement rate for home health services, impacting 150 home health providers and 1,100 patients.
- Medicaid Reforecast. Assumes savings of \$68.8 million GF and a like amount of federal funds due to a decline in the growth of the eligible Medicaid population and the continued decline in health care inflation.
- Increase in Federal Match Level. Increases the federal match rate for Medicaid and AFDC, due to a decline in Virginia's per capita personal income level compared to other states. The federal matching rate for Medicaid will increase from 50 percent to 51.37 percent, saving an estimated \$21.0 million GF.
- Loss of Federal Court Case. The federal Court of Appeals recently ruled against Virginia in Rehabilitation Association of Virginia, Inc., v. Kozlowski. Language in the proposed budget allows the department to pay affected providers from the unappropriated balance in the budget. The expected impact is \$9.0 million GF and \$9.0 million NGF in this biennium.
- Expansion of Managed Care. Assumes \$355,000 GF and a like amount in NGF savings from the expansion of Medallion to the aged, blind and disabled. This managed care program currently covers medical services for AFDC clients. Language in the budget would also give the department authority to develop and implement mandatory, capitated managed care programs for these and other services, including long-term care.

# • Department of Mental Health, Mental Retardation & Substance Abuse Services:

- Reductions in Community Services Boards. Cuts by \$6.0 million (4.0 percent) general fund support for services. According to MHMRSAS, an estimated 19,000 fewer persons would be served, if no source of other revenue is available. The state will also lose \$3.0

million in federal funds by falling below the "maintenance of effort" requirements for federal funding.

Proposes consolidation of four CSBs that serve relatively small geographic areas, along with a \$600,000 reduction in funding. Independent CSBs serving Dickinson, Alleghany Highlands, Goochland, and Rockbridge would be eliminated, and the service areas would be consolidated with larger areas.

Cuts by \$154,503 (two percent) state funding of CSB administration.

- Mental Health and Mental Retardation Facilities. Cuts a total of 388 positions, \$5.7 million (GF), and \$2.8 million (NGF) in state hospitals and training centers. Individual facilities that would be affected by this proposal have not yet been identified. Any bed reductions resulting from this proposal would be in addition to the 202-bed reduction adopted during the 1994 Session. Plans to privatize the Northern Virginia Mental Health Institute are expected to achieve part of the savings.
- Central Office Staff. Eliminates 90 positions and \$3.9 million from the central office, about 25 percent. Specific positions have not yet been identified.
- Facility Security Enhancements. Adds increased funding of \$1.7 million and 60 additional positions for security enhancements at MHMRSAS institutions.
- Delays in Facility Construction. Anticipates savings of \$3.6 million (GF), from construction delays at the Northern Virginia Mental Health Institute and Central State's forensics unit. Added staff, totaling 192 positions, are not expected until the next biennium.

#### • Department of Social Services:

- General Relief Payments. Reduces the General Relief program by 90 percent (\$7.4 million). About 74,000 persons would no longer receive aid. The program provides financial assistance to unemployed, poor, or disabled individuals who do not receive other types of public assistance. The emergency assistance component, which provides short-term aid for about 12,000 recipients, would be retained. The program is currently offered in 111 localities.
- Community Action Agencies. Eliminates state funds provided through DSS for community actions agencies (\$2.2 million GF).

This represents about a 2.5 percent cut in the agencies' total funding pool of about \$80 million from federal, state, local, and charitable contributions. Community action agencies serve about 80,000 persons statewide.

- Service Administration for Local Agencies. Reduces by \$1.0 million GF (2.0 percent) state funding for local social service agencies to administer service programs, such as child and adult protective services.
- Regulation Delays and Payment Reductions in Adult Homes. The 1993 General Assembly adopted a multiple level system of services and payments for adult care residences. Adoption of final regulations are expected to be delayed until July 1995, so \$2.3 million GF appropriated in FY 1995 will not be spent. (Delayed implementation will also save \$3.3 million in the Medicaid budget.) Also, the introduced budget proposes reimbursement for the first level of care at \$675 rather than \$695 per month. This action would save \$1.5 million GF in FY 1996.
- Central Office Staff. Eliminates 88 positions, mostly in the central office, for a savings of \$3.5 million GF. Reductions in computer service costs are expected to save an additional \$1.5 million (GF) and \$2.5 million (NGF).
- Increased Federal Matching Rate for AFDC. Increases the federal match rate for Medicaid and AFDC, due to a decline in Virginia's per capita personal income level compared to other states. The federal matching rate for AFDC will increase from 50 percent to 51.37 percent, saving an estimated \$2.4 million GF.
- Welfare Reform. Increases funding for federally mandated child day care, to reflect the fact that more welfare recipients are training and working than originally projected. An added \$6.2 million (GF) and \$7.7 million (NGF) for day care is proposed. An additional \$3.4 million (GF) with matching federal funds is also proposed for added employment services and training. This is offset somewhat by savings of \$2.0 million in FY 1995, as a result of projected delays in obtaining federal approval to proceed with reforms adopted by the 1994 General Assembly.
- Increased Adult Home Wages and Taxes. Based on negotiations with the Internal Revenue Service on the definition of employers, DSS expects local agencies will now be responsible for tax withholding in adult homes. Because local social service boards are the payment source, they will be required to comply with minimum wage

requirements of the Fair Labor Standards Act. Average hourly rates for companion services will need to be increased from about \$3.89 to \$4.25 per hour. The state share of these new costs is estimated at \$1.4 million for the biennium.

- Privatization of Child Support Enforcement. Uses non-general fund revenues (\$5.8 million) from support enforcement administration to contract with private agencies in Hampton, Chesapeake, Arlington, and Alexandria. Also, \$1.3 million (NGF) is proposed to privatize central collections and disbursements of support payments.
- Council on Child Day Care and Early Childhood Programs. Eliminates funding for the independent agency on child day care. About \$16.5 million in federal funds for day care services would be transferred to the Department of Social Services, along with four positions. The remaining \$690,676 (GF) for 11 positions, and pilot projects for information and referral and voucher services would be eliminated.
- "Opportunity Knocks" Job Training Program. Eliminates \$639,200 (GF) in the Governor's Employment and Training Department for a job training program for economically disadvantaged youth. The program serves about 200 youth per year in 14 localities. The program operates through sites in Scott/Wise, Richmond, Roanoke, Norfolk, and Charlottesville.
- Centers for Independent Living. Cuts \$600,000 GF, or 27 percent, of the appropriation for Centers for Independent Living. The total annual budget, which includes federal and local funds, would decline from \$4.1 to \$3.5 million. Programs are located in 10 sites: Big Stone Gap, Abingdon, Roanoke, Charlottesville, Winchester, Fishersville, Arlington, Richmond, Hampton, and Norfolk.

## **Natural Resources**

- Secretary of Natural Resources: Staffing Increase. Provides \$189,700 GF, a 52 percent increase, and three additional positions.
- Department of Environmental Quality. Reduces general fund support for the agency by \$3.5 million (12.4 percent) and 74 positions in the second year. The cuts are targeted to "central administration" activities.
- Department of Conservation and Recreation: Reduces support for the agency by \$3.1 million GF and 41 positions.

- Financial Assistance for Localities. Reduces the state's match for construction of the Buena Vista floodwall by \$830,000 GF and state support of Soil and Water Conservation Districts by \$50,000 GF.
- Floodplain Management Assistance. Reduces by \$287,717 GF and two
  positions technical services provided to developers, homeowners,
  and local governments.
- Dam Safety Inspection Program. Reduces by one-third (\$41,303 GF) and one position funding for inspections, review of certificate applications, and work with dam owners to alter or maintain the structures, as required by law.
- Soil Surveys. Eliminates general fund support (\$300,000) for state participation in the National Cooperative Soil Survey. The cut is equal to 86 percent of the current appropriation.
- Shoreline Erosion Advisory Services. Eliminates general fund support (\$309,691) for the Shoreline Erosion Advisory program. Also eliminates five positions that provide technical assistance to private property owners, state agencies, and local governments.
- State Parks. Reduces by \$353,666 GF and seven positions funding for state park operations. Facilities that would be affected include: Caledon State Park, Holliday Lake State Park, Hemlock Haven Conference Center, Shot Tower Historical State Park, and George Washington's Grist Mill.
- Chesapeake Bay Local Assistance Department: Financial Assistance for Localities. Reduces by \$139,425 GF the grant money available for Tidewater localities to improve the Chesapeake Bay's water quality.
- Department of Historic Resources: Historic and Commemorative Attractions. Reduces by 50 percent (\$640,000 GF) state support for historic and commemorative attractions. Affected organizations include: the Association for the Preservation of Virginia Antiquities, Montpelier, Red Hill, the Corporation for Jefferson's Poplar Forest, the Valentine Museum, the Virginia Historical Society, the Woodrow Wilson Home, Little England Chapel, and the Old Stone Warehouse.
- Marine Resources Commission: Virginia Saltwater Fishing Tournament. Eliminates general fund support (\$145,120) for the Virginia Saltwater Fishing Tournament.

# **Public Safety**

- Secretary of Public Safety: Increased Staffing. Provides \$263,288 GF, a 57 percent increase, and five additional positions.
- Department of Criminal Justice Services: Reduce HB 599 Aid to Localities. Reduces aid to localities with police departments (HB 599) by \$5.9 million GF (9.4 percent) in the second year. Second year funding approved last session was already lower than the first year amount, so this change results in localities receiving \$10 million (15 percent) less in fiscal 1996 than in 1995.
- **Department of Corrections.** Increases total funding by \$48.6 million from all sources. This includes increases totaling \$68.5 million and 1,270 positions, offset by cuts of \$19.8 million and 280 positions. Proposed actions include:
  - New Correctional Facilities. Adds \$3.5 million and 370 positions the first year and \$24.9 million and 676 additional positions the second year, to open seven work centers (June 1995), Lunenburg Correctional Center (December 1995), and the Bland Segregation Unit (December 1995).
  - Contract for Private Prison Beds. Increases the number of private prison beds from 2,000 to 5,800 beds, with an initial payment of \$1.1 million in funding from the Public Safety Fund created during the September special session. Funds will be spent to contract for 3,000 medium security prison beds and 800 out-of-state prison beds, in the second year. The 1994 General Assembly appropriated \$2.0 million GF to contract for 2,000 minimum security pre-release and return-to-custody beds.
  - Increased Double Bunking. Adds \$7.4 million and 142 positions the first year and \$13.9 million and 94 additional positions the second year, to increase double bunking by 1,875 beds.
  - Mecklenburg Operations. Adds \$9.9 million GF and 302 positions the second year to continue operating Mecklenburg Correctional Center.
  - Medical Services Shortfall. Adds \$1.5 million the first year and \$0.9 million the second year for increased inmate medical costs and contract cost increases at the Greensville prison hospital.

- Payments for Local and Regional Jail Capital Projects. Includes \$1.4 million the first year and \$0.4 million the second year in lump sum payments for eleven local jail projects.

These increases are offset somewhat by a number of proposed budget reductions:

- Reduction in Perimeter Security. Eliminates 114 positions and \$2.8 million in the second year through reduced staffing in towers, combined with increased reliance on roving patrols and electronic security.
- Elimination of Counseling and Recreation Positions. Reduces funding of \$1.9 million in the second year by eliminating 50 counseling and recreation positions at various facilities.
- Elimination of Sex Offender Treatment. Eliminates all sex offender treatment programs in the adult correctional system for a savings of \$0.9 million and 28 positions.
- Central Office Reductions. Eliminates 86 positions in the central office, for a savings of \$4.0 million.
- Exemption of DOC from Payments in Lieu of Taxes. Overrides the Code of Virginia provisions related to payments in lieu of taxes, by freezing payments in those localities affected by DOC facilities. New payments would be prohibited unless there is a specific legislative authorization.
- Department of Correctional Education: Staffing Increase. Provides \$2.6 million GF (9.8 percent) and 43 new positions in the second year for the opening of new adult correctional facilities, additional double-bunking, and increased population in juvenile correctional centers.
- Department of Youth and Family Services. Increases funding by 1.9
  percent in fiscal 1995 and 11.6 percent in 1996. Recommended actions
  include:
  - Security Staffing Increases. Adds \$783,497 GF and 70 positions in the second year for security staffing. 13 positions would provide security in the schools operated by the Department of Correctional Education, and 57 positions would provide double coverage in the housing units.
  - Juvenile Learning Center Capacity. Adds \$1.8 million GF and 69 positions in fiscal 1996 to operate re-opened cottages at Bon Air (50

beds) and the new modular unit at Hanover (100 beds), as approved in the Special Session on Parole.

Fiscal Impact of New Sentencing Legislation. Provides an additional \$147,192 GF in fiscal 1995 and \$806,512 GF in 1996 for the increased costs for state juvenile correctional centers, as the result of determinate sentencing for juveniles. The 1994 General Assembly provided \$250,000 GF in fiscal 1995 for this purpose.

Also adds \$1.4 million GF and 20 positions in 1996 for alternative programs, to offset the need for expansion of the state juvenile centers. These include a 20-bed boot camp, intensive supervised probation, electronic monitoring, and a privately-operated halfway house.

- Local Facility Costs. Includes \$8.7 million GF to reimburse localities for up to one-half of the capital cost of constructing or renovating five local juvenile facilities, and \$3.2 million GF to fund start-up equipment costs and 50.5 percent of operating expenses for seven regional juvenile facilities.

These increases are offset somewhat by proposed budget reductions:

- Reduced Aid to Localities. Reduces funding for local and regional juvenile facilities and programs by 4.5 percent (\$1.0 million GF) in the second year. In addition, \$60,000 GF for holdover programs intended to divert juveniles from detention centers is eliminated.
- Downsizing. A total of 23 positions are eliminated for a reduction of \$1.0 million GF the second year. These include 10 administrative and support positions in the central office and four non-security positions in the juvenile learning centers.
- Department of Criminal Justice Services: Implement Pretrial Services Act and Community Corrections Act. Adds three positions and \$750,000 GF for the Pretrial Services Act. Two additional positions and \$115,615 GF are transferred from the Department of Corrections for administration of the Community Corrections Act program.

## Department of State Police:

- Replace Lost Federal Funds. Provides \$1.2 million GF to assume the cost of 22 positions for narcotics and firearms investigations, currently funded with federal grants. Adds \$0.4 million GF to support seven troopers currently assigned to the Norfolk-Virginia Beach Expressway, when tolls are removed from this facility in

1996. Troopers assigned to toll roads are currently funded from toll road revenues.

- Supplant State Funds. Proposes that \$150,000 GF in operating support for air medical evacuation (Medivac) be replaced with \$150,000 from motor vehicle inspection fees. Also recommends use of the master lease/purchase program rather than cash for replacement equipment in the Automated Fingerprint Identification System.
- Department of Emergency Services. Reduces funding by \$420,704 GF, or 6
  percent in the second year, by cutting support and training for local
  Hazmat teams, elimination of support positions, and reduced support of
  the Civil Air Patrol.
- Department of Military Affairs. Reduces support for armory maintenance and operations by \$195,650 GF the second year, which will result in the closure of two additional armories. Three armories were already scheduled to close (Farmville, Hopewell, and Chesapeake). Eliminates tuition support for National Guard members taking college courses, for a savings of \$57,000 GF the second year.
- Department of Alcoholic Beverage Control. Reduces funding by \$540,000 NGF and 17 positions in the second year. Adds \$7.0 million NGF the second year to reflect the sales of lottery tickets in ABC stores, and \$1.8 million NGF the second year for automation and other warehouse improvements.

## **Transportation**

- Secretary of Transportation: Increased Staffing. Provides an additional \$145,444 NGF, a 42 percent increase, and 3 additional positions for legislative, public relations, and constituent affairs activities.
- Department of Transportation: Eliminate Positions. Eliminates 212 FTE positions from the Virginia Department of Transportation (VDOT) by FY 1996. The bulk of these position cuts will be absorbed through eliminating vacant positions. In addition, 50 positions will be cut by taking the tolls off the Norfolk-Virginia Beach Toll Road. Reductions of another 40 positions are expected to result from privatizing the maintenance of rest areas.
- Department of Motor Vehicles: Eliminate Positions. Eliminates 74 FTE from DMV by FY 1996. It is expected that most of the position reductions will occur in the central office.

## **Central Appropriations**

- Compensation Supplements: FY 1996 Salary Increase. Eliminates \$22.5 million GF provided last session for the December 1, 1995 pay increase of 2.25 percent for state and local employees. The Governor's proposal permits agencies to provide a 2.25 percent salary increase if they absorb the cost through unexpended balances and other operating efficiencies. The Governor also permits agencies to grant performance bonuses of either 2.25 percent or 4.55 percent funded totally from agency operating savings.
- Compensation Supplements: Employee Health Insurance Premium Holiday. Recovers from agency appropriations \$10.9 million GF each year for employee health insurance premiums. This action grants agencies and active employees a planned premium "holiday" for health insurance contributions in June 1995 and June 1996. Actuarial reserves are overfunded, based on current utilization trends.
- Economic Contingency: Economic Opportunity Fund. Provides \$10.0 million GF in FY 1996 for the Economic Opportunity Fund. The current Appropriations Act did not provide second year funding.
- Virginia Plan for Equal Opportunity in Higher Education: Program Reductions. Reduces the \$3.6 million budget for the plan by \$98,620 GF in the second year. The plan funds a variety of conferences, programs, and workshops designed to increase minority enrollments in state-supported institutions of higher education.

## **Nonstate Agencies**

 Nonstate Agencies. Reduces by half, or \$1.7 million GF, the state funding for grants to various nonstate agencies for operating and capital expenses in the second year. These local arts organizations, museums, and cultural centers provide educational programming for school children.

The budget also cuts general fund support by half, or \$0.6 million GF, in the Natural Resources section to the Department of Historic Resources for operation or restoration of selected historic landmarks in the second year.

## **Capital Outlay**

The Governor's capital outlay recommendations include general fund cuts of about \$9.2 million and additional funding of \$2.9 million for two projects. Most of the general fund reduction is the result of transfers from Maintenance Reserve funds made during the September 1994 Special Session II to support new prison construction.

Proposed prison construction, which will be included in separate bills, makes up the majority of the remaining capital outlay recommendations. Those bills call for construction of or additions to eleven prisons.

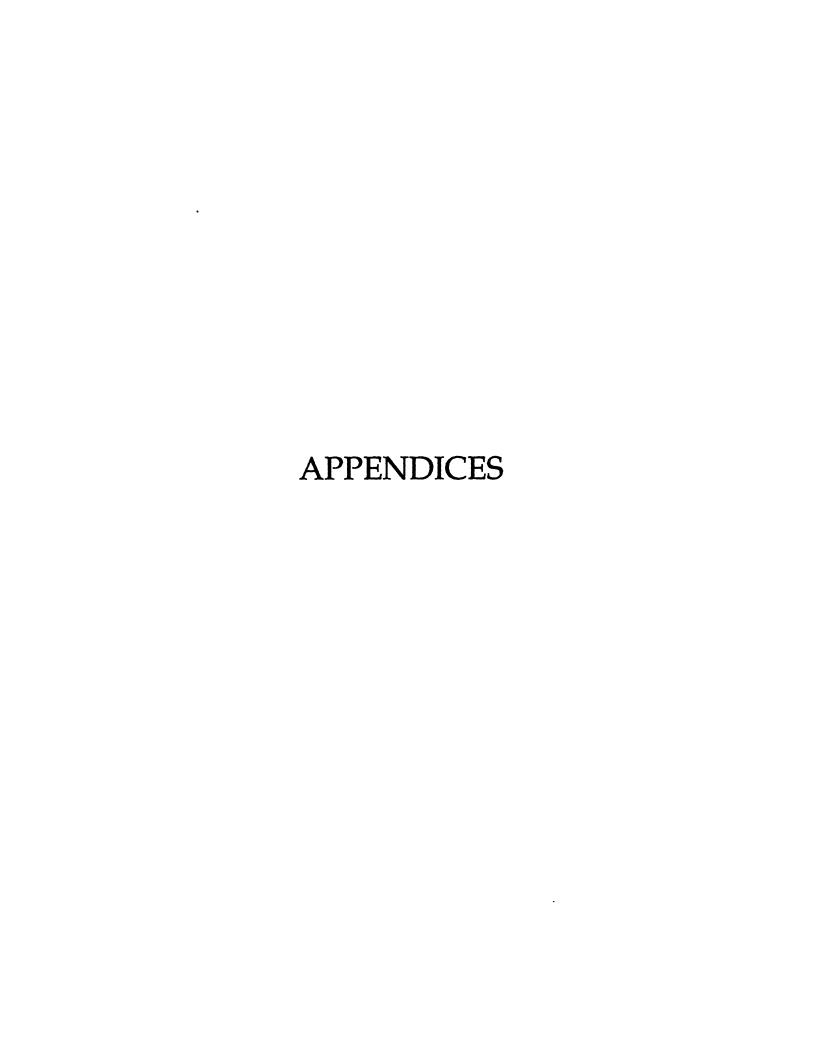

Nongeneral fund additions (including § 9 (d) institutional revenue bonds for the state's colleges and universities) total about \$84.4 million.

- Maintenance Reserve. Reduces funding by \$6.4 million, or about 13 percent of general fund Maintenance Reserve budgets for FY 1994-96. The program funds deferred maintenance at state-supported facilities.
- Richlands Armory. Eliminates funding of \$3.1 million GF and \$2.7 million NGF for construction of a new facility in Tazewell.
- George Mason University: Prince William Institute. Includes \$2.0 million GF to continue design work for the planned expansion of an additional campus for George Mason University. General fund support of \$0.6 million was initially appropriated for the project in the 1994 legislative session.
- Virginia Commonwealth University: Engineering School. Authorizes
   VCU through language to enter into a long-term lease agreement with one
   of its foundations to construct, operate and maintain a new facility to
   house the recently approved School of Engineering.
- Virginia Museum of Fine Arts: Fire System. Includes \$0.9 million GF to replace and upgrade the Fire Safety and Alarm System of the Virginia Museum of Fine Arts.
- Virginia Employment Commission. Reduces special fund appropriations by \$5.5 million, reflecting new spending priorities. The lost revenues are provided from penalty and interest collections. Projects canceled include new offices previously authorized in Chesapeake and Woodbridge, and cutbacks for projects in Exmore and Richmond.
- Newport News Cruise and Auto Import Facility. Provides \$6.5 million in Commonwealth Transportation Funds for improvements at the Virginia Port Authority terminal in Newport News.

 University of Virginia Medical Center. Adds \$17.0 million NGF, to be provided from gifts and hospital revenues, for construction of a new Neuro-musculoskeletal Center at UVa. The facility would centralize clinical space for orthopedics, rheumatology, neurosurgery, and related disciplines.

## **Bond Proposals**

Construction of over 7,100 new adult prison beds, 450 new serious juvenile offender beds, and emergency repairs at the Science Museum of Virginia are recommended in a two-phase program supported with Virginia Public Building Authority (VPBA) and voter approved General Obligation Bonds (GOB). The VPBA Bond proposals total \$181.1 million, while the GOB proposal assumes approval by the voters at a November referendum to add \$227.5 million to the total.
