Highlights of the Governor's budget

- Back the Governor's commitment to business-ready sites by providing \$450 million for the program. Of this amount \$250 million is contingent on attainment of the 2023 revenue forecast.
- Accelerate Commonwealth investments in workforce development, increasing spending by over \$60 million.
- Redouble efforts to provide each child in Virginia a world-class education, including by expanding the use of reading specialists to 4th and 5th grade and adding math specialists in schools with poor math performance based on SOLs.
- Propose a new Earn to Learn initiative to expand the number of clinicians and clinical settings providing training for nurses, and expand current incentives for nurses to take up and remain in the profession.

Highlights of the Governor's budget (Cont.)

- Provide over \$100 million for public safety, including \$30 million for Operation Bold Blue Line to enhance efforts to recruit law enforcement, \$20 million for additional violence intervention grants through Operation Ceasefire, and almost \$16 million to address compression issues for state police and sheriff's deputies.
- Start a transformation of the behavioral health safety net, proposing almost \$150 million in additional investments in prevention, crisis intervention, and post-crisis care in our schools and communities, including \$58 million to increase the number of Crisis Receiving Centers, and \$20 million to fully fund the recommended number of mobile crisis units.
- Preserve Commonwealth natural resources by adding over \$550 million for resiliency, the Chesapeake Bay, and the agricultural best management practices program.

American Rescue Plan Act State and Local Fiscal Recovery Fund Allocations

American Rescue Plan Act – State and Local Fiscal Recovery Fund Allocations

- Virginia received \$4.3 billion from the State and Local Fiscal Recovery Fund (SLFRF) under ARPA.
- Chapters 1 and 2 (2022 Special Session I) allocated \$4.2 billion of this amount, leaving a balance of \$15.4 million.
- Agencies have subsequently identified a total of \$114.1 million of prior allocations that could be reprogrammed because the funds could not be used as intended or the projects were completed with resources remaining.
- As a result, a total of \$129.5 million is allocated for new uses in the introduced budget bill, with most going to the Enhanced Nutrient Removal Program (\$86.1 million), efforts to redetermine Medicaid eligibility at the end of the federally declared public health emergency (\$30.0 million), and support of current appeals staffing levels and information technology at the Virginia Employment Commission (\$12.4 million).
